## Landrum Opens New Office

Landrum Human Resource Companies, Inc., will be opening a new branch office in Ft. Walton Beach this summer. The new office will provide support for Landrum clients in Okaloosa and Walton counties and extend their service offerings to area businesses as well as provide employment opportunities for job seekers.

Plans are underway for the new 2,400 square foot office space at Uptown Station, 73 Eglin Parkway NE. "Opening our office will give us the opportunity to expand and provide the level of professional service to the Fort Walton Beach area that our Pensacola customers have enjoyed for many, many years," says Denise McLeod, Vice President and COO of Landrum Staffing Services.

Landrum's Ft Walton location will offer full service human resource management for employers and job seekers located in not only Ft Walton, but also Destin, Niceville, Crestview and the surrounding area.
